Re: New Jersey Turnpike Authority
Interchange 6 to 9 Widening Program
Notification of Pipeline Relocation Work Commencement
Parcel 1027D
Block 44, Lot 34

Dear Mr. McGough:

Please be advised that AECOM/GPI/PB A Joint Venture has been retained by the New Jersey Turnpike Authority (Authority) to provide construction management services for the Authority's Interchange 6 to 9 Widening Program (Program), which is currently underway.

A necessary element of the Program is the relocation of the Colonial and Sunoco Pipelines. Work has recently begun, and you should expect to see construction operations including survey and stakeout, clearing and grubbing, trench excavations, and installation of the new pipeline. This work has begun in the vicinity of your property and is expected to be completed by September 20, 2010. Work hours will generally be from 7:00 AM to 5:00 PM, Monday through Saturday. Should there be any significant change to this schedule, we will contact you.

We apologize for any inconvenience these construction activities may cause. Your anticipated cooperation is appreciated and required so we can complete the construction activities in the vicinity of your property in a safe, professional and efficient manner.

Should you have any questions, please call the toll-free phone number at 1-877-NJT-WIDE (658-9433).

Thank you,

Thomas P. O'Connor, P.E.
AECOM/GPI/PB, A Joint Venture
Project Manager
